How You Should Eat During This Cleanse

Whenever possible, choose foods that are fresh, organic, and locally-sourced. Eat small meals throughout the day to support your digestive health. To help keep your body in an alkaline state, eat a wide range of colorful fruits and vegetables and wash them thoroughly before eating. Avoid acidic foods like refined sugar, dairy, and wheat. Make sure to eat plenty of healthy fats, oils, and plant-based protein. For more advanced insight into how to eat while cleansing, check out the Body Cleansing Diet at ghc.us/cleanse-diet.

Foods That Encourage Harmful Organism Cleansing

Below is a list of fruits and vegetables that help your body cleanse itself of harmful organisms. You can eat them individually or accentuate your diet with them.

- ✓ Coconut & Coconut Oil
- ✓ Fermented Foods
- ✓ Onions
- ✓ Oregano
- ✓ Pineapple
- ✓ Pumpkin Seeds
- ✓ Raw Honey

Stay Hydrated & Enhance Your Water

A good rule of thumb for staying hydrated is to drink one half your body weight in ounces per day. Example: 160 pounds = 80 ounces of water. You can enhance your water by adding organic raw apple cider vinegar (a probiotic- and enzyme-rich tonic) or lemon juice to taste.

TIPS

Dr. Group's Advanced Tips for Success

A conscious life supports your overall health and well-being. True wellness is the product of a lifelong journey.

Use Supportive Therapies

During and after your cleanse, consider balance-promoting therapies like chiropractic adjustments, massage, deep breathing exercises, acupuncture, and far infrared saunas as they all support the cleansing process. Getting enough sleep and starting your day by finding a quiet space, closing your eyes, and repeating an affirmation such as, “I am clean and healthy” nine times will elevate your mindset.

Strengthen Your Gut

The probiotic colonies in your digestive tract help your immune system defend against harmful organisms. An advanced probiotic formula like Floratrex™ offers extra support to strengthen the gut. Use as directed.

Supplement With Aloe

Aloe vera contains essential nutrients, enzymes, and amino acids that boost the body's detoxification processes. A concentrated formula like Aloe Fuzion™ is an easy way to support your cleanse, stimulate your immune system, and soothe stress throughout your body.
